Additional descriptive comments on figurative or decorative portion of the exterior:

Fragment is almost a complete head of a smaller-sized figurine. Most of the facial features are preserved; the eyes, nose, whole mouth, right earpool, right portion of headdress + parts of the forehead, the whole chin. However, it is very eroded, so details such as the eyes are very eroded. But the far right point design of the headdress is still preserved. Head is completely hollow. Preserved headdress has little dotted decorations around a band of the headdress.

The item is: not eroded - slightly - moderately - very - extremely eroded.

It has - does not have other damage. Describe:

Not drawn - drawn. Where? Reverse

Comments: Munsell: 7.5YR 5/4
